Student participation in extracurricular activities is encouraged. PISD makes extracurricular activities available as an extension of the regular school program, with this important difference: participation in the regular curriculum is a right afforded to each student, while participation in the extracurricular program is a privilege that carries additional expectations for acceptable conduct. Students engaging in extracurricular activities represent not only themselves, but also other students and the school district when performing, competing, or participating in extracurricular activities. Student represent PISD while wearing uniforms or other clothing that identifies the student to the community or public in any setting as Paradise ISD students. For this reason, their behavior must be exemplary and reflect the finest attributes of the total Paradise ISD student body at all times and places. Important goals of the extracurricular program are to give students direction in developing self-discipline, responsibility, pride, loyalty, leadership, teamwork, respect for authority, and healthy living habits.

Because participation in extracurricular activities is a privilege and not a right, Paradise ISD is authorized to set higher standards for participants of extracurricular activities than it would for those students who choose not to participate in these activities. Therefore, this **Extracurricular Code of Conduct** extends beyond the Paradise ISD Student Code of Conduct not only in types of behavior prohibited, but also in corresponding consequences and jurisdiction for imposing discipline.

This COC is neither a contract nor a substitute for the official district policy manual. PISD policies and procedures can change at any time. Additionally, **students and parents are reminded that participation in extracurricular activities and extracurricular organizations, including interscholastic athletics, is a privilege, not a right.**

In addition to obeying rules set forth in the PISD **Student Code of Conduct**, all students in grades 7 through 12 participating in PISD extracurricular activities will be required to comply with the following guidelines and disciplinary regulations.

#### DEFINITIONS
